Our school aims....

To create an environment where safeguarding is a priority, where all children feel safe and secure, and as a result can flourish and grow emotionally

To provide high quality teaching and learning which inspires and encourages a spirit of enquiry and exploration

To create an environment that is exciting, stimulating as well as safe which allows and encourages children to develop as independent lifelong learners

To deliver a broad curriculum supported and enhanced by specialist teachers

To offer small class sizes with high pupil teacher ratios which ensures that all staff have an in-depth knowledge of the children in their care

To offer a robust system of assessment, from our babies to our 9 year olds which combined with our knowledge of each child produces an individualised learning journey where all children are supported and challenged at a level that is right for them

...to enable our children to be happy, confident and ready for their onward learning journey.
